# DURHAM NUCLEAR IMAGING

## WHITBY MEDICAL ARTS IMAGING

1615 Dundas street East, Unit 17X  
Whitby Mall, Main floor, Whitby ON, L1N 2L1  
Tel.: 905.240.6500 Fax: 905.240.7700

## GENERAL INFORMATION

### Please Note:

- 1) **INFORM US IF YOU ARE PREGNANT OR NURSING.**
- 2) If you have had a Nuclear Medicine Scan in the past week, please inform us.
- 3) If you have any X-Rays using BARIUM, you must wait a minimum of 2 weeks before having a test in Nuclear Medicine.
- 4) **ALL X-RAY, ULTRASOUND and other applicable diagnostic tests/reports should be brought with you.**  
(This does not apply to Osteoporosis/BMD Scan). **Please bring a list of your medications.**

**OSTEOPOROSIS SCAN/BMD SCAN:** (Maximum weight for scanning bed is 265 lbs.)

**THYROID SCAN & UPTAKE:** The thyroid test is a 2-day test. It is very important that you do not take any thyroid medication for **3 weeks before** you have your test.

**RENAL SCAN:** Please drink **4 large glasses** of liquid (water/juice) one hour before test.  
**OFF ACE** inhibitors 72 hours before.

**RENAL CAPTOPRIL SCAN:** Nothing to eat 4 hours before test. Patients to be off **ACE INHIBITOR medication for 72 hours before the test.** Please drink 4 large glasses of liquid (water/juice) one hour before test.

**GALLBLADDER SCAN:** Nothing to eat or drink 4 hours before test.

**MUGA:** No caffeine for 4 hours before test.

## INSTRUCTIONS for CARDIAC PATIENTS

- 1) Wear comfortable, loose clothing and walking shoes.
- 2) A caffeine free breakfast is highly recommended.
- 3) **24 Hours - No caffeine: No Coffee, No Tea, No Pop, No Chocolate, No Decaffeinated Products, No Medication with caffeine. This includes Tylenol with codeine or any migraine medication.**
- 4) **48 Hours - STOP Beta Blockers if Stress Test** is indicated on your requisition.
- 5) Remain on medication if a **Persantine test** is indicated on your requisition.
- 6) Your doctor will discuss with you about stopping any medications such as Theophylline and Aminophylline complexes.
- 7) Please inform us if you are on medications such as Viagra, Cialis, Levitra etc..
- 8) Two sets of images will be taken, 20 minutes approximately each. The test from start to finish will take approximately 4 hours.

**PLEASE LIST ALL MEDICATIONS:** \_\_\_\_\_
